

MOBILITY OPTIONS VOLUNTEER DRIVER PROGRAM

Mobility Options, a transportation service of the Rappahannock Area Agency on Aging, announces it is recruiting area residents for a new Volunteer Driver Program. In an effort to provide a broad array of transportation alternatives for persons with disabilities who live in the four county (Caroline, King George, Spotsylvania, Stafford and the City) Fredericksburg area volunteers are being sought who will have the opportunity to provide much needed transportation to riders for a variety of trip destinations including medical appointments, shopping, recreational outings and social engagements.

Benefits to Volunteers

Volunteers will have personal liability and vehicle insurance provided at no cost by the Rappahannock Area Agency on Aging through the State of Virginia Division of Risk Management. This insurance covers the volunteer and the vehicle while the rider is in the volunteer's car. The insurance is primary coverage and is not related in any way to insurance maintained by the vehicle owner which will be secondary. Volunteers will be paid a stipend of 25 cents per mile for miles traveled while the rider is in the volunteer's vehicle. Volunteer Driver mileage sheets, on which beginning and ending trip mileage is recorded, will be turned in on a biweekly basis for reimbursement. Flexible schedule based on the amount of time the volunteer wants to contribute to the program. Volunteer Drivers will have the knowledge that they are helping a fellow Fredericksburg area resident meet a critical need that in many cases would otherwise be unfulfilled.

How to Apply

Persons interested in becoming a volunteer driver should contact Mobility Options at 1-800-627-2892 for additional information about the program and application forms.
